FAIRFIELD RECEIVES HATFIELD AWARD

Mr. Thomas Fairfield was recognized at the Mississippi/Alabama Water Environment Association's Annual Conference this week. Here he received the Hatfield Award for his professionalism and outstanding performance in the water and wastewater environment. This award is to recognize individuals in the operations, management, and advancement of water and wastewater pollution control. Congratulations on this amazing accomplishment!

HAPPY BIRTHDAY!

- Mary Ownbey—5 Years

A SLICE OF LEARNING

On Tuesday July 23rd, Kurt Rogers with Delta Process Equipment came out to the PMP plant to show a demonstration of the Sithe Chopper by Barnes. Once the training had commenced, roughly 16 employees from the Maintenance and Operations department were treated to pizza provided by Delta Process Equipment.

Congratulations to Frank Carter on being selected for the Maintenance Mechanic position back in June!
