October 2019

JACKSON COUNTY UTILITY AUTHORITY

Noontime Knowledge

On September 18th, the Operations and Compliance departments of the JCUA attended a lunch and learn hosted by Tyler Mesman of Innovative Flow Solutions (IFS). Here the employees learned the alternate styles and uses of different types of valves. Thanks to IFS for coming out and demonstrating their multiple valve services.

NGOM SSC Workshop

The Northern Gulf of Mexico Sentinel Site Cooperative is one of the five Sentinel Site Cooperatives within the broader NOAA Sentinel Site Program. The NGOM SSC is a partnership focused on sea-level rise and inundation in the northern Gulf of Mexico. On September 18th, Tommy Fairfield and Morgan Pitts spoke and represented JCUA at the SSC Partner workshop in Cantonment Florida. Thank you both for attending and speaking on behalf of the JCUA!

NORTHERN GULF
OF MEXICO
