- Tara Sistrunk
- Chris Smith
- Lauren Smith
- Richard Weathers

## Classroom Curiosity

On January 28th, Mrs. Tingle's 10th Grade Zoology class took a field trip and received a plant tour of the Pascagoula/Moss Point treatment plant. As seen above, James Jones and Chuck Redmond did a wonderful job in advocating to the students the importance of wastewater treatment and how it operates.

**Anthony Creel**  
I&C Technician

### Welcome Aboard!

**Jason Fremin**  
Retail Technician

## A Healthy Look Ahead

Thank you to all of the employees who came and engaged in the on site Blue Cross Blue Shield Health Screenings. We had a great turn out and we hope you received beneficial information from your screening results. As of January, we currently have had a 7% participation rate in the Healthy You program and we highly encourage you all to use this program and take advantage of the 4 hours granted to complete it!
