Bypass Pump Upgrades

Pump Station 26, located in Ocean Springs, is currently under renovations in hopes of upgrading the piping system. The new stainless steel piping will hopefully stop any future corrosion damages from occurring.

Happy Birthday!

Munis Training; Hard at Work

Munis software implementation is still under way. In the month of April, Payroll and Utility Billing will go live, where all aspects of our employees and customers will be involved. Pictured above, are from left to right, Josh Hill (Maintenance Mechanic), Jason Bougeois (Retail Manager), and Jeret Beck (Outside Machinist), receiving training on work orders that will go live in May.
