## Jackson County Utility Authority

### PS 28 Force Main Renovation

The force main located at Pump Station 28 off of McNair Boulevard in Ocean Springs recently required attention by the employees of the Maintenance, Collections, and Retail departments. The employees pictured below helped to restructure the force main by providing applicable skill and time to the repairs.

#### Hydro Tank Assistance

The PMP plant recently had malfunctions with the hydro tank causing the plant to operate without water. With the help and expertise from Rob Tunstall, Chris Smith, Mike Newbill, Walker Riley, and Brandon Robinson, the hydro tank was able to be reverted back to normal functioning with no additional expense needed. Thank you to these employees for their help and a job well done!

### Shorebirds Frequent Lagoon

Pictured above are two of the rare Aves species found at the West Jackson County Lagoon. The shorebird on the left is known as the Solitary Sandpiper and the shorebird to the right is known as the Spotted Sandpiper who both originate from the Scolopacidae bird family.
